IN THE UNITED STATES DISTRICT COURT

FOR THE NORTHERN DISTRICT OF CALIFORNIA

10 || UNITED STATES OF AMERICA.

No. CR 08-0730 WHA

11 Plaintiff,

12 v.

13 GUILLERMO HERRERA, *et al.*

Defendants.

**ORDER DENYING APPLICATION
FOR LEAVE TO FILE MOTION FOR
RECONSIDERATION OF ORDER RE
ADMISSIBILITY OF DH 188**

16 As stated during the July 26 proceedings, defendant Guillermo Herrera's application for
17 leave to file a motion for reconsideration of the order denying admission of the portion of DH
18 188 for which no sponsoring witness was present is **DENIED** (Dkt. No. 4806).

Reconsideration is warranted when an application for leave to file a reconsideration motion specifically shows that: (1) a material difference of fact or law exists from what was previously presented and the party applying for reconsideration did not know of the difference of fact or law despite reasonable diligence; (2) since the original order, new material facts or law have emerged; or (3) there was a manifest failure by the district court to consider material facts or dispositive legal arguments which were presented to it. Criminal L.R. 2-1; *School Dist. No. 1J, Multnomah County v. ACandS, Inc.*, 5 F.3d 1255, 1263 (9th Cir. 1993).

26 The application argues that reconsideration is appropriate because counsel “could not
27 have anticipated” the factors developed by the Court in evaluating whether a recording was
28 properly authenticated. This does not warrant reconsideration of the prior order. As the

1 application acknowledges, the Court's criteria was based on factors articulated by case law.
2 Moreover, the Court provided all parties with multiple opportunities to brief and argue what
3 criteria must be satisfied before a recording is authenticated. Indeed, the Court's criteria was
4 strongly influenced by the defense's vehement objections to the admission of government
5 recordings for which no sponsoring witness was present — objections which were joined by
6 defendant Herrera (Dkt. No. 4464). Well before defendant Herrera filed his original motion to
7 admit portions of DH 188, all parties were apprised of the criteria the Court found to be
8 significant in determining authenticity and the defense was repeatedly told that the criteria
9 would apply in equal force to the government and the defense.

10 The application's argument that the prior order supports admission of the requested
11 portion of DH 188 is similarly non-compelling. Nor does the calculus change because the
12 portion sought to be admitted is brief. The fundamental problem with the requested portion
13 remains the same — no sponsoring witness was present for the portion of the recording sought
14 to be admitted (Tr. 15164).

15 The application fails to articulate any basis to reconsider the original order regarding the
16 admissibility of the portion of DH 188 for which no sponsoring witness was present. The
17 original order will not be reconsidered (Dkt. No. 4674).

19 **IT IS SO ORDERED.**
